

| Department | Departments Available for Double Major Programs | Prerequisites |
|----------------|---|---|
| Biology | <p>Department of Geography (Curriculum of Double Major Program in Geography for Biology Students)</p> <p>Department of Environmental Engineering (Curriculum of Double Major Program in Environmental Engineering for Biology Students)</p> <p>Department of Midwifery (Curriculum of Double Major Program in Midwifery for Biology Students)</p> <p>Department of Philosophy (Curriculum of Double Major Program in Philosophy for Biology Students)</p> <p>Department of Physics (Curriculum of Double Major Program in Physics for Biology Students)</p> <p>Department of Food Engineering (Curriculum of Double Major Program in Food Engineering for Biology Students)</p> <p>Department of Nursing (Curriculum of Double Major Program in Nursing for Biology Students)</p> <p>Department of Chemistry (Curriculum of Double Major Program in Chemistry for Biology Students)</p> <p>Department of Mathematics (Curriculum of Double Major Program in Mathematics for Biology Students)</p> <p>Department of Psychology (Curriculum of Double Major Program in Psychology for Biology Students)</p> | <p>The student must meet the application and admission requirements in the Sakarya University Double Major Program Regulations.</p> |
| Physics | <p>Department of Computer Engineering (Curriculum of Double Major Program in Computer Engineering for Physics Students)</p> <p>Department of Biology (Curriculum of Double Major Program in Biology for Physics Students)</p> <p>Department of Electrical and Electronics Engineering (Curriculum of Double Major Program in Electrical and Electronics Engineering for Physics Students)</p> <p>Department of Chemistry (Curriculum of Double Major Program in Chemistry for Physics Students)</p> <p>Department of Mechanical Engineering (Curriculum of Double Major Program in Mechanical Engineering for Physics Students)</p> <p>Department of Mathematics (Curriculum of Double Major Program in Mathematics for Physics Students)</p> <p>Department of Metallurgical and Materials Engineering (Curriculum of Double Major Program in Metallurgical and Materials Engineering for Physics Students)</p> | <p>The student must meet the application and admission requirements in the Sakarya University Double Major Program Regulations.</p> |

| | | |
|--------------------|---|---|
| | Department of Software Engineering (English) (Curriculum of Double Major Program in Software Engineering for Physics Students) | |
| Chemistry | <p>Department of Biology (Curriculum of Double Major Program in Biology for Chemistry Students)</p> <p>Department of Environmental Engineering (Curriculum of Double Major Program in Environmental Engineering for Chemistry Students)</p> <p>Department of Physics (Curriculum of Double Major Program in Physics for Chemistry Students)</p> <p>Department of Food Engineering (Curriculum of Double Major Program in Food Engineering for Chemistry Students)</p> <p>Department of Mathematics (Curriculum of Double Major Program in Mathematics for Chemistry Students)</p> <p>Department of Metallurgical and Materials Engineering (Curriculum of Double Major Program in Metallurgical and Materials Engineering for Chemistry Students)</p> | The student must meet the application and admission requirements in the Sakarya University Double Major Program Regulations . |
| Mathematics | <p>Department of Computer Engineering (Curriculum of Double Major Program in Computer Engineering for Mathematics Students)</p> <p>Department of Information Systems Engineering (Curriculum of Double Major Program in Information Systems Engineering for Mathematics Students)</p> <p>Department of Biology (Curriculum of Double Major Program in Biology for Mathematics Students)</p> <p>Department of Financial Econometrics (Curriculum of Double Major Program in Financial Econometrics for Mathematics Students)</p> <p>Department of Electrical and Electronics Engineering (Curriculum of Double Major Program in Electrical and Electronics Engineering for Mathematics Students)</p> <p>Department of Industrial Engineering (Curriculum of Double Major Program in Industrial Engineering for Mathematics Students)</p> <p>Department of Physics (Curriculum of Double Major Program in Physics for Mathematics Students)</p> <p>Department of Elementary Mathematics Education (Curriculum of Double Major Program in Elementary Mathematics Education for Mathematics Students)</p> <p>Department of Chemistry (Curriculum of Double Major Program in Chemistry for Mathematics Students)</p> | The student must meet the application and admission requirements in the Sakarya University Double Major Program Regulations . |

Department of Metallurgical and Materials Engineering
([Curriculum of Double Major Program in Metallurgical and Materials Engineering](#) for Mathematics Students)

Department of Turkish Language and Literature
([Curriculum of Double Major Program in Turkish Language and Literature](#) for Mathematics Students)

Department of Software Engineering (English)
([Curriculum of Double Major Program in Software Engineering](#) for Mathematics Students)

Department of Management Information Systems
([Curriculum of Double Major Program in Management Information Systems](#) for Mathematics Students)
